

Status Update for PhD Progress

Tyler Hoppenfeld

UC Davis

February 8, 2021

Outline for Today

1 Goals

- Seek MD specific feedback
- Oral in 2 Months?
- 3 *Good* Papers

2 Research Agenda

- Animating Conjecture
- Pieces of this
 - Characterize early contracting
 - Characterize when matching games have ‘large’ cores
 - Formally combine these ideas

EG Kojima, on committee?

placeholder

placeholder

Early contracting will result from a matching process where there is lots of scope for strategy

This is my “Unraveling” line of work

This is my most current work

This is ambitious—I'd like to say something in general about matching markets where the choice to participate is a strategic option.
